

SMALL MACHINE ROOM ELEVATOR

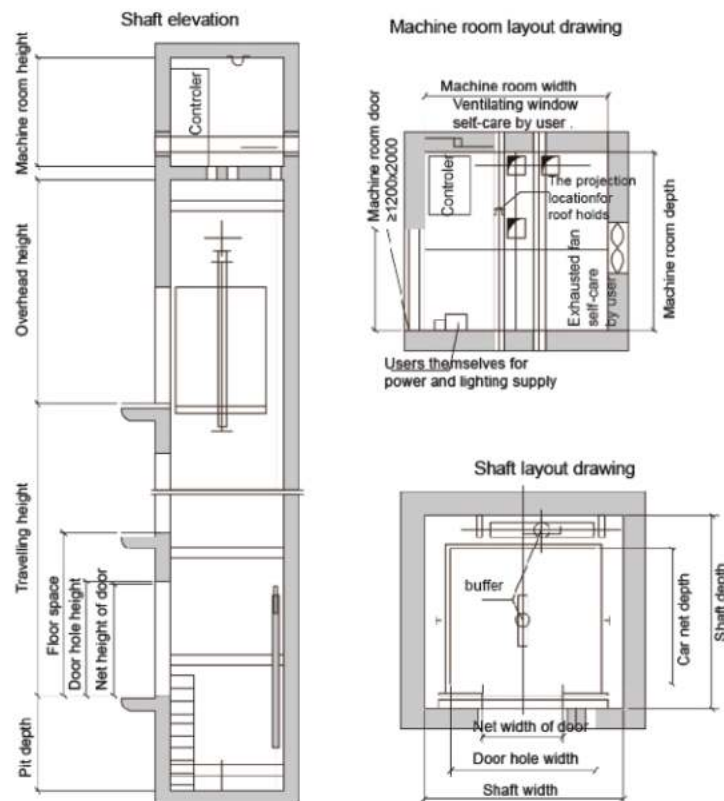

▼ It Fulfills Small Cost

Small volume traction machine combines with integrated controller, so that it makes the machine room size same with well size. It covers the equal area as that of the well. At the same time of reducing the machine room height it beautifies the building outlook. It fulfills super small standard of machine room space and building cost.

Small Machine Room Elevator Construction Sketch

Small machine room elevator parameter table

Persons	Load (kg)	Speed (m/s)	Net size of car(mm)	Net size of door(mm) D.WxD.H	Shaft size(mm)			Machine room size(mm)	
			C.WxC.DxD.H	2P Central opening	H.WxD.H	HR.H	PIT	MR.WxMR.D	MR.H
6	450	1.0	1400*850*2300	800*2100	2000*1500	4000	1500	2000*1500	2500
